

CEPHALOPOD

OVERVIEW

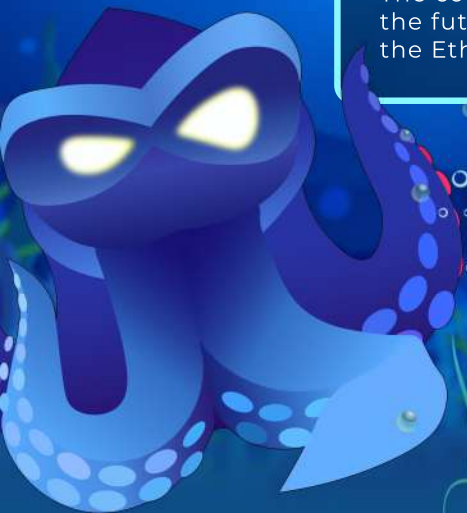

CEPHALOPOD is a community-driven platform where creators can monetize virtual ASSETS and gaming experiences on the blockchain.

\$CPOD is the utility token used throughout The Cephaloworld ecosystem as the basis of transactions and interactions. It is an ERC-20 utility token built on the Ethereum blockchain. There is a finite supply of 1,000,000,000,000 \$CPOD.

APPLICATION

The coin was created as a tool for interacting with the future NFT game developed on the Ethereum blockchain

SAFETY

We take the safety of holders funds extremely seriously, and there fore we fahe taken the following measures to protect our community

1 VERIFIED CONTRECT

2 SAFE POOL

3 BURN:

4 FAIR

TOKEN ECONOMICS

SYMBOL - \$CPOD

TOTAL SUPPLY : 1 Trillion (1T)

[30%]

Presale:
300 Billion

[50%]

Liquidity:
500 Billion
